

MIA 30

1 Light ash color

2 Terminals

3 Soft dome tweeter
▶ with thermal dissipator

4 Midrange
▶ 5" in fiber glass

5 Rectangular port

• THE OPINION OF THE LAB

The MIA 30 compact speaker is the bookshelf of the MIA Range.

Superbly tuned and neutral, its precision and definition are ideal

for rooms of up to 215ft² (20m²) with no level restrictions.

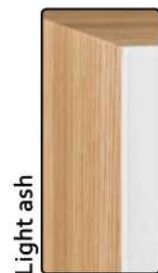

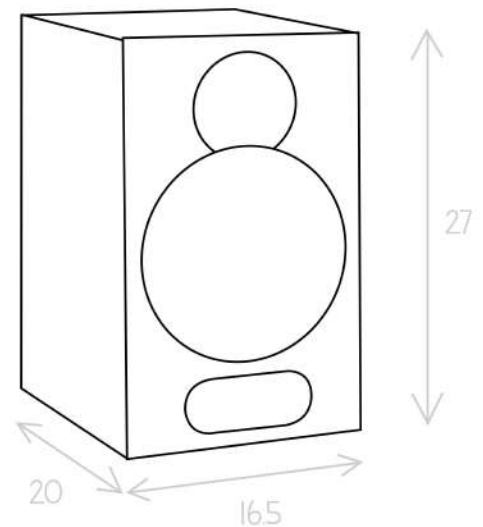

This performance is mainly due to the quality of components

used, not only the drivers but also the complicated crossover

(with zobel network), and the solid structure.

Let yourself be transported by the neutrality of the sound and the

accuracy of the message.

• CHARACTERISTICS MIA 30

Bass reflex	yes
Nom. power	80 W
Max. power	110 W
Number of ways	2
Number of drivers	2
Sensitivity	88 dB
Frequency range	55 - 20000 Hz
Tweeter	25mm soft dome
Midrange	13 cm fiber glass
Woofers	-
Weight (kg)	6.2
Impedance	5 mini
Frequencies cut	300 / 3000 Hz
